Project EES: OOD’s Climate Change Initiative
In Partnership with the Alameda County, Training & Education Center

StrengthsFinder
Did you know that people who use their strengths daily are six times more likely to be engaged, satisfied, and productive on the job and less likely to experience stress or anxiety? In this half-day class, you will use the StrengthsFinder assessment to discover your natural talents and special interests. Through reflection, discussions, and group activities, you will begin to understand how to articulate and apply your unique value in a way that is deeper than the stereotypical phrases we often use to describe ourselves.

Project Essentials
Today’s knowledge workers have quietly slipped into the role of the unofficial project manager. Stakeholders, scope creep, no formal training, and a lack of process all combine to raise the probability of project failure costing organizations time, money, and employee morale. This one-day work session will help participants learn key tactics to consistently complete projects successfully by implementing a disciplined process to execute projects and to master informal authority. The skills of “informal authority” are more important than ever before, so team members are inspired to contribute to project success!

BHCS staff participating in one of the following thirteen OOD Projects are HIGHLY ENCOURAGED to attend: Internal/External Capacity Building Program; Criminal Justice Learning Initiative; Drop-In Center at Santa Rita Jail; Enhance Communications; Program/Service Evaluations; Justice-Involved Mental Health Task Force; Medi-Cal Recertification; MHAB; APTTUS; Electronic Health Record; Contracts & Procurement; RBA and African American Steering Committee Strategies.
