Critical incident debriefing groups for the Oakland warehouse fire

As a trauma informed way to manage the stress, the Dept. is offering critical incidence debriefing groups to those staff/contractors who have provided direct support and/or to anyone who is experience vicarious trauma or may even have had a loved one impacted by the fire. The groups will be offered over the next 4 days at the locations below and will be run by a licensed clinical staff from our Employee Assistance Program.

Anyone who needs support and would like a way to process how the fire has effected them can attend at on the dates/times listed below. Please forward this email to your teams.
