August 11, 2009

Dear Children's Services Providers:

The ACBHCS Children's System of Care (CSOC) is funding limited EPSDT expansion and augmentation for fiscal year 09-10. Funding decisions will be based upon service alignment with our CSOC Three Year Strategic Plan, including the ability to meet identified service gaps and utilization of best practice models.

All requests must be made via the **ACBHCS Request Form for EPSDT Funded Expansion and Augmentation FY 2009-10** template.

Requests will be reviewed in the CSOC Management Team meeting. Decisions will be communicated to the provider by their Program and Fiscal Contract Liaisons. If approved, a detailed Exhibit A and Exhibit B, reflecting the service will be required.

Please note that services requiring a contract augmentation may not start until the augmentation is approved by the Board of Supervisors.

Sincerely,

A handwritten signature in black ink that reads "Ellen J. Muir". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Ellen J. Muir, LCSW
EPSDT Coordinator

CC: Carolyn Novosel
