

Practical Tips for Documenting Disability for Social Security

Wednesday, March 29, 2017

Registration: 12:30—1:00 PM

Presentation: 1:00—3:00 PM

Location

**ACBHCS, 2000 Embarcadero Cove, 4th Fl
Gail Steele Room, Oakland, CA**

Speaker:

Steven Weiss,

Attorney & Regional SSI Advocacy Coordinator

Bay Area Legal Aid

This training is designed to teach providers to effectively assist their clients in the SSI application process to ensure adequate documentation of functional limitations and minimize the processing time. Course materials and activities will help providers to understand the application and eligibility process, and to learn how to document disabilities and functional limitations, including the completion of disability forms and other supporting documents. We will explore the application process, the listings of impairments, with an emphasis on mental health listings, the materiality of drug or alcohol use, and other issues that might come up in completing forms or drafting narrative letters.
