Description: This special four hour training is focused on guiding staff from Health Care Services Agencies (HCSA, BHCS, Public Health, Environmental Health), as well as other county partners and contracted providers on becoming a trauma sensitive workforce. The training focuses on the six key principles to a trauma informed systems approach including: Understanding Trauma & Stress; Safety & Stability; Compassion & Dependability; Cultural Humility & Responsiveness; Collaboration & Empowerment; and Resilience & Recovery. **Light refreshments will be provided.**

Learning Objectives:

1. To begin to create a workforce that is trauma sensitive
2. To develop a shared understanding and language about stress and trauma
3. To provide guiding principles and practical tools to support the health and behavioral health workforce and the clients/consumers we serve.
