

ACBH (Adult Forensic Behavioral Health) is pleased to offer a FREE training on:
Crisis Intervention and De-Escalation in a Correctional Setting

Wednesday, January 20th, 2021

(Schedule:) 8:00 am to 3:30 pm

(Sign in begins at 7:30am; Training starts promptly at 8:00am)

Location: Office of Emergency Services- 4985 Broder Blvd., Dublin, CA

Audience: AFBH professional and para-professional clinical staff who provide crisis intervention services at Santa Rita Jail. The class is open to other ACBH Staff or contractors who provide mental health crisis services at Santa Rita Jail while working with AFBH.

Description: This course highlights various models for de-escalation during crisis situations. Additionally, substantial time is spent discussing strategies for successful de-escalation with focus on utilizing these skills with incarcerated individuals. Coursework also includes discussion of functional analysis of behavior and applying it to problem behaviors in correctional settings. In addition, the importance of clinicians understanding their emotional reactions during crises and responding appropriately to these reactions as well as clinician self-care are addressed.

Trainer: Dr. Timothy Belavich holds a degree in clinical psychology and has spent the past twenty years working in correctional settings. His roles in corrections have ranged from providing direct patient care as a staff clinician to serving as the Statewide Director of Mental Health Programs for the California Department of Corrections and Rehabilitation from 2012 thru 2015. In 2016, Dr. Belavich accepted the position as the Director of Mental Health for the Los Angeles Jail, the largest jail system in the country. In that capacity Dr. Belavich oversees the administration of mental health programming for 5,000 individuals enrolled in mental health and housed at the county facility. Dr. Belavich also serves as a consultant and instructor for the National Institute of Corrections and the Crime and Justice Institute.

Learning Objectives – at the end of the training, participants will be able to:

- Identify the 5 steps in the de-escalation process.
- Name and describe the 3 steps of functional analysis and describe how they apply to problem behaviors.
- Define emotional triggers and explain their importance to a clinician during a crisis.
- Name 3 different roles a clinician may play during a crisis.

If you have a reasonable accommodation request, or grievance regarding an ACBH training, please email tina.rodriguez@acgov.org, and cc the Training Unit.

To complete an ACBH sponsored virtual training, attendees must achieve a score of at least 70% on the post-test(s).
