

ACHBCS ANSA Vignette Trainer Ratings and Rationale

Trainer Name:	Email Address:	Organization	Date:	Name of Vignette:
				RANDY

Using the vignette that you created, please complete the ratings and the write the rationale for each rating. As much as possible, use language directly from the vignette for your rationale. Approximately half of the ACBHCS ANSA needs items should have actionable ratings.

Traumatic/Adverse Childhd Exper.	Rating	Rationale
Sexual Abuse	2	Relationship with family noted as sexually abusive and neglectful.
Physical Abuse	0	No evidence
Neglect	2	Relationship with family noted as sexually abusive and neglectful.
Emotional Abuse	0	No evidence
Medical Trauma	0	No evidence
Natural Disaster	0	No evidence
Witness to Family Violence	0	No evidence
Witness to Community Violence	0	No evidence
School Violence	0	No evidence
War Affected	0	No evidence
Terrorism Affected	0	No evidence
Parental Criminal Behavior	0	No evidence
Disript in Crgv/ Atchmnt Losses	0	No evidence
Life Functioning	Rating	Rationale
Physical/Medical	2	Has diabetes which he is managing poorly and is not currently controlled.
Family Relationships/Functioning	0	No relationship with family for many years. Previous relationship with them was characterized by sexual abuse and neglect.
Employment	3	Not working because he “could not keep up” and was in danger of being fired.
Social Functioning	2/3	Recently has withdrawn from groups of supportive people and instead is hanging out with a man who is a negative influence and unknown others.
Recreational	3	Is no longer participating in recreational activities –withdrew from the clubhouse, spending time in his room. When he does it is negative things (like selling his meds).
Developmental Functioning	1/2	Diagnosed with Borderline Intellectual Functioning.

Life Functioning	Rating	Rationale
Intimate Relationships	0	No evidence
Loneliness	1	No evidence
Independent Living	3	Unable to manage daily living unless in supervised care.
Residential Stability	1/2	Current behavior could lead to expulsion.
Legal	0/1	Police involved due to his destructive behavior.
Sleep	0	No evidence
Self-Care	2/3	Poor self-care, wearing dirty clothes and no shoes.
Judgment/Decision-Making	3	Getting re-involved with the man who previously exploited him and appears to be exploiting him now; withdrawing from his social supports and arguing with people who care about him and are trying to help him; selling his psychotropic meds – all of these are decisions that are harmful to his well-being and safety.
Involvement in Recovery	3	Low motivation for treatment, evasive, not taking meds
Transportation	0	No evidence
Medication Involvement	3	Not taking his medication.
Parental/Caregiving Role	0	No evidence

Individual Strengths	Rating	Rationale
Family Strengths/Support	3	No relationship with family
Interpersonal/Social Connectedness	2	Tends to be dependent on others and fears rejection. Has ability to make friends but is currently withdrawing from them.
Optimism (Hopefulness)	2	Has been withdrawing from everything positive in his life; not pursuing any future-oriented activities.
Talents and Interests	1	An interest in designing flyers and pamphlets for NAMI that he enjoys, but he is not currently doing it.
Educational	NA	Not in school
Volunteering	1	Used to volunteer until recently.
Job History	2	Worked for short periods of time and not currently employed.
Spiritual/Religious	3	No evidence

Individual Strengths	Rating	Rationale
Community Connection	1	Had many previous connections to the community – clubhouse, NAMI – but has begun to withdraw from them.
Natural Supports	2	NAMI and the friends from the clubhouse have been supports but he has recently withdrawn from them and doesn't have much access to them now.
Resilience	3	No evidence that he recognizes his strengths and uses them.
Resourcefulness	3	No evidence that he can identify and use his external resources to cope with problems.

Cultural Factors	Rating	Rationale
Language	0	No evidence
Cultural Identity	0	No evidence
Cultural Traditions and Rituals	0	No evidence
Cultural Stress	0	No evidence

Behavioral Health Needs	Rating	Rationale
Psychosis (Thought Disorder)	3	Diagnosed with schizophrenia and has not been taking his medication as prescribed. He appears to be decompensating (withdrawn, isolating in his room, increasingly disoriented and belligerent, poor self-care).
Impulse Control	2	Became argumentative and destroyed property when confronted about his self-care. Broke into his residence after curfew.
Depression	1	Has become withdrawn, isolating, self-care is poor. Quit volunteer position, which he really enjoyed
Anxiety	0	no evidence
Mania	0	no evidence
Personality Challenges	1	Excessively seeks advice from others; easily manipulated (Dependent Personality Disorder)
Antisocial Behavior	2	Selling his psychotropic meds on the street; damaging property.
Anger Control	2	When confront becomes argumentative, destroys property, throws things. Increasingly belligerent
Substance Use	0	no evidence
Eating Disturbance	0	no evidence
Somatization	0	no evidence

Behavioral Health Needs	Rating	Rationale
Adjustment to Trauma	1	Has been sexually abused, neglected and exploited. The man who exploited him is back in his life and after doing well for a while he is suddenly decompensating.

Risk Behaviors	Rating	Rationale
Suicide Risk	0	no evidence
Self-Injurious Behavior	0	no evidence
Other Self-Harm (Recklessness)	2	Has been selling his psychotropic medication on the street; has been staying out all n and trying to enter his secured building. He also has thrown furniture at walls when angry.
Grave Disability	3	Decompensating. Randy's apartment was a mess, food was left out, and dirty clothes were strewn all over the floor; less and less verbal, withdrawing into a tense silence; appears to be increasingly disoriented and belligerent, wearing dirty clothes and no shoes.
Danger to Others	0	no evidence
Exploitation	3	Currently re-involved with a man who had exploited him previously (prostituting him for money) and there is strong suspicion that this man is currently exploiting him (unknown men in Randy's room; Randy giving money to Tim).
Hoarding	0	no evidence
Sexual Aggression	0	no evidence
Unlawful Behavior/Criminal Behav.	2	Selling his psychotropic meds on the street; damaging property.

Caregivers Needs	Rating	Rationale
Physical/Behavioral Health	NA	Randy is living independently.
Involvement with Care	NA	
Knowledge	NA	
Social Resources	NA	
Family Stress	NA	
Substance Use	NA	
Safety	NA
