Alameda County Continuum of Care (CoC) Council
Prioritization for Permanent Supportive Housing Opportunities

The Alameda County Continuum of Care Council, in accordance with guidance from the U.S. Housing and Urban Development (HUD) Department Office of Community Planning Notice (CPD) CPD-14-012, maintains the following priority preference groups for access to permanent support housing (PSH) opportunities within Alameda County. All households eligible for a given PSH opportunity can apply for PSH or a waiting list for PSH when applications are being received. All CoC-funded PSH opportunities will maintain marketing and tenant selection policies and procedures that have explicit preferences and prioritization for households that meet the criteria established below. The CoC will work toward establishing and maintaining up-to-date copies of the policies and procedures for access to each CoC-funded PSH opportunity. In addition, the CoC will promote the utilization of this prioritization among non-CoC funded PSH and document the use of this approach among other PSH in the County.

The funding sources and target groups among PSH opportunities within Alameda County vary significantly. The priority group described below must also meet the specific requirements of a given PSH opportunity to be considered. For example, a housing unit set aside for persons with HIV/AIDS could not be offered to someone without verification of their HIV/AIDS status. Preference for this unit would be given to someone with verified HIV/AIDS that *also* met the priority group criteria below.

If more than one household is being considered for a PSH housing opportunity AND both households meet the CoC priority group standards for Alameda County, THEN the household that first applied for the opportunity will be selected first. In other words, the date of application will be used to differentiate among households that meet the preference criteria. If other preference criteria are also used for a given housing opportunity, e.g., city preference, these preferences may be used prior to using the date of application to determine the household next offered the opportunity. The preferences and details of selection for a given PSH program will be identified in their marketing and tenant selection policies and procedures.

Alameda County PSH shall give preference to households that meet the following general criteria:

- 1) The household meets the HUD CoC definition for “chronic homelessness” OR the household met the criteria for this definition prior to entering government-funded transitional housing for formerly homeless persons.

AND

- 2) The household is in *at least one* of the *high service need* groups defined below.

HUD Chronic Homelessness Definition

The definition of "chronically homeless" currently in effect for the CoC Program is that which is defined in the CoC Program interim rule at 24 CFR 578.3, which states that a chronically homeless person is:

- (a)** An individual who:
 - i.** Is homeless and lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
 - ii.** Has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last 3 years; and
 - iii.** Can be diagnosed with one or more of the following conditions: substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance Bill of Rights Act of 2000 (42 U.S.C. 15002)), post-traumatic stress disorder, cognitive impairments resulting from brain injury, or chronic physical illness or disability;

- (b)** An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria above before entering that facility; or

- (c)** A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria above of this definition, including a family whose composition has fluctuated while the head of household has been homeless.
