

Alameda County Behavioral Health is pleased to offer a **FREE** training:

Suicide Assessment and Intervention

Adult Focus (Two-Day, online training)

Monday, July 19 &

Wednesday, July 21, 2021

9:00 - 12:30pm (both days)

Must attend both days to complete the training

Location: **GoToWebinar** (After registering, you will receive a confirmation email and information about joining the webinar)

Audience: The training is for mental health professionals or anyone in a position to work with adult consumers experiencing a suicidal crisis. This training is reserved for Alameda County Behavioral Health and Provider Staff (*County units and contracted community-based organizations*). CE credit is only provided for County staff and contracted ACBH provider staff.

Trainer: Cris Rita, MA, Community Education Coordinator & Instructor at Crisis Support Services of Alameda County.

Description: The workshop uses a combination of teaching methods, including didactic work, lecture, and discussion. Participants will be encouraged to explore their own feelings toward suicide and suicidal clients. The workshop will address common myths and perceptions about suicidal behavior, and cover suicide statistics, trauma, and suicide theory with an emphasis on Thomas Joiner's model: The Interpersonal Theory of Suicide. Risk factors, warning signs, and protective factors will be introduced for adult populations. Participants will learn methods of suicide risk assessment and will be introduced to screening tools that aid in determining risk.

Learning Objectives – at the end of the training, participants will be able to:

1. Demonstrate competence in speaking about suicide to potential suicidal clients by being able to ask five basic questions to determine suicidality.
2. Demonstrate how to determine suicide risk for adults by identifying five risk factors, three of the most common warning signs, and two protective factors.
3. Identify the four domains of suicide risk assessment.
4. Discuss risk assessment tools used in behavioral health care settings and why they can be helpful to clinicians.
5. Demonstrate competence in using lethal means counseling with at-risk individuals.
6. Apply techniques used to conduct a thorough risk assessment.
7. Demonstrate competence in use of Safety Planning to reduce suicide risk and be able to list the six necessary steps in developing the safety plan.

To complete an ACBH sponsored virtual training (even without CE credit), attendees must achieve a score of at least 70% on the post-test(s).

For reasonable accommodation requests or grievance regarding an ACBH please training, please email or call the Training Unit at Training.Unit@acgov.org, 510-567-8113
